Many hands make arts work

Driving arts projects within regional communities can be hard yakka. ArtsYakka can jumpstart your creative engine and drive your projects further.

Like any good SwapMeet you bring something with you, an idea, and you take something else home that is just what you needed.

## What is an ArtsYakka Regional SwapMeet?

This sleek, road-tested model of community engagement will present a weekend of interactive workshops and forums to build skills in arts and cultural project development, attracting support and resources, community consultation.

## Who should meet?
