

Fragile Balance

Jeannette Albury and Rosemary Anderson, Photographer: E. Korotkaia.

Fragile Balance Exhibition is an artistic exploration by two local artists of the mangrove eco-systems and nearby environments in the Gladstone Harbour. Jeanette Albury and Rosemary Anderson have collaborated to explore the diversity of these waterways and depict the adaptation of its inhabitants. They have responded to the environment using drawings and paintings on paper and canvas and have formed 3D sculptures using organic and repurposed materials. Both use their creativity to inspire, stimulate and motivate others to enjoy the environment in which we live.

Official Launch
6pm, Friday 6 April 2018

On Display
7 April 2018—19 May 2018
