

Vipoo Srivilasa

Garden of Love

About the Artist

Is there someone you miss? Like many people, artist Vipoo Srivilasa has been kept apart from loved ones by the COVID-19 pandemic, and he has missed his family and friends in Thailand, where he was born. Vipoo is a ceramic artist who likes to 'make work that is beautiful, fun and adds a smile to people's faces', often incorporating flowers and imaginary characters.

For APT10 Kids on Tour, Vipoo invites you to decorate a paper flower by writing a message to the person you miss the most, or by drawing their portrait.

1. Choose one flower template.
2. Think about how you will decorate your flower. Who is the person you miss the most? What would you like to tell them, or how will you draw them?
3. Add your message or drawing using the blue and white pencils and stickers provided.
